GRANT OF SECURITY INTEREST IN
PATENTS, TRADEMARKS AND COPYRIGHTS

This GRANT OF SECURITY INTEREST IN PATENTS, TRADEMARKS AND COPYRIGHTS ("Agreement"), effective as of July 2, 2007 is made by REABLE THERAPEUTICS HOLDINGS LLC (f/k/a Encore Medical Holdings LLC), a Delaware limited liability company ("Holdings"), REABLE THERAPEUTICS FINANCE LLC (f/k/a Encore Medical Finance LLC), a Delaware limited liability company ("Company"), and the Subsidiaries of Holdings from time to time party hereto (the Subsidiaries of Holding, collectively with the Company and Holdings, the "Borrower"), in favor of BANK OF AMERICA, N.A., as Collateral Agent (the "Agent").

W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement entered into by the Borrower, Agent and the other parties thereto on November 3, 2006 as amended (the "Credit Agreement"), the Lenders have severally agreed to make Loans and other extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein; and

WHEREAS, in connection with the Credit Agreement, the Borrower has executed and delivered an Intellectual Property Security Agreement, dated as of November 3, 2006 as amended, in favor of the Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the "IP Security Agreement");

WHEREAS, the Borrower has executed and delivered an Intellectual Property Security Agreement Schedule Supplement, dated July 2, 2007, in favor of the Agent, amending and supplementing the IP Security Agreement;

WHEREAS, pursuant to the IP Security Agreement, the Borrower pledged and granted to the Agent for the benefit of the Agent and the Lenders a continuing security interest in all Intellectual Property, including the Patents, Trademarks and Copyrights; and

WHEREAS, the Borrower has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and in order to induce the Lenders to make Loans and other financial accommodations to the Borrower pursuant to the Credit Agreement, the Borrower agrees, for the benefit of the Agent and the Lenders, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement and the IP Security Agreement.

SECTION 2. Grant of Security Interest. The Borrower hereby pledges and grants a continuing security interest in, and a right of setoff against, and agrees to assign, transfer and convey, upon demand made upon the occurrence and during the continuance of an Event of Default without requiring further action by either party and to be effective upon such demand, all of the Borrower's right, title and interest in, to and under the Patents, Trademarks, Copyrights

and Licenses (including, without limitation, those items listed on Schedule A hereto) (collectively, the "Collateral"), to the Agent for the benefit of the Agent and the Lenders to secure payment, performance and observance of the Obligations *provided* that with respect to applications in the United States Patent and Trademark Office to register Trademarks on the basis of any Grantor's "intent to use" such Trademarks will not be deemed to be Collateral unless and until a "Statement of Use" or "Amendment to Allege Use" has been filed and accepted in the United States Patent and Trademark Office, whereupon such application shall be automatically subject to the security interest granted herein and deemed to be included in the Collateral

SECTION 3. Purpose. This Agreement has been executed and delivered by the Borrower for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and the United States Copyright Office. The security interest granted hereby has been granted to the Lenders in connection with the IP Security Agreement and is expressly subject to the terms and conditions thereof. The IP Security Agreement (and all rights and remedies of the Lenders thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. The Borrower does hereby further acknowledge and affirm that the rights and remedies of the Lenders with respect to the security interest in the Collateral granted hereby are more fully set forth in the Credit Agreement and the IP Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the IP Security Agreement, the terms of the IP Security Agreement shall govern.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.

[REST OF PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the Borrower hereto has caused this Agreement to be duly executed and delivered by their respective officers as of the date set forth above in the preamble.
